OUR CAPABILITIES

Accident Repair & Body Work

Heavy-duty, construction, and commercial use trailers come in all shapes and sizes and we work on all types. From a minor fender bender to major reconstruction repairs, we can get your trailer back on the job site or on the road quickly.

Service & Maintenance

Regular trailer inspection and service will prevent costly repairs and replacements and help reduce lost time for your company and customers. We tailor our service specifically to your needs, whether ongoing preventative maintenance or as-needed repairs.

Custom Fabrication

W.W. Williams is experienced in custom trailer modifications that fit your specific business needs and are built with durability in mind. Our skilled welding and fabrication experts work on new and existing trailers, modifying them with special racks, custom sides, & more.

TRAILER TYPES

Our expert technicians provide specialized services for a full range of trailer types.

- Dry Vans
- Flatbeds
- Reefers
- Tankers
- Drop Decks
- Dry Bulk
- Landolls
- Lowboys
- Horse Trailers
- Auto Haulers
- Hot Shots
- Dump Trailers
- RGN
- Livestock Haulers

BEYOND TRAILERS

Don't wait for a breakdown. Avoid emergency repairs with professional preventative truck maintenance.

Along with taking care of your trailer needs, Williams technicians can reduce costly repairs and downtime for your vehicles from domestic to class 8 trucks, including Buses, Sprinters, Trailers, Emergency Vehicles, Straight Trucks, Utility Vehicles, Fleet Vehicles, Tractors, and Vans.
